

Are You. . .

Seeing God in every situation?

Both what's going on in your life and in your nation?

Would you both hear and follow his guiding words of wisdom?

And are you feeling the tug of His powerful guiding rhythm?

Are you taking time to be tuned in to what's really going on?

Does your time and attention to Him belong?

Are you giving Him your body and mind to use?

Are you willing for Him to take the world's abuse?

Is He the Lord of your time and life?

Or are you all tied up in worldly strife?

He wants to use you to love others that He brings across your path,
Does He know that He can count on you to protect them from Satan's wrath?

Are others going to heaven because you are being used by God?

Is your sacrificial love causing the angels to stand and applaud?

Are you experiencing the thrill of partnering with God in your life's journey?

Are you enjoying the privilege of being an ambassador of His mercy?

If so, you are to be honored for the value you bring to your fellow man.

But more than that, you are in the center of God's plan.

If so, Congratulations,

LaVon
